WHAT IS AN EXHIBITOR APPOINTED CONTRACTOR (EAC)?

An Exhibitor Appointed Contractor (EAC) is a subcontractor, other than the General Services Contractor (Freeman), selected by an exhibitor to complete a nonexclusive service for their booth build that will require access to the exhibit hall for move-in, during the event, or move-out. These third-party contractors include but are not limited to booth design, installation, dismantle, furniture rental, floral, audio visual, or anyone that is not a direct employee of your company that will be working on any products/equipment within your booth.

WHAT ARE THE EXCLUSIVE SERVICES THAT AN EAC CANNOT PERFORM?

EACs are not permitted to provide the below services:

- Booth Cleaning and Trash Removal: Freeman
- Food & Beverage: Sodexo Live!
- Internet & Telecommunications: Cox Business
- Material Handling: Freeman
- · Rigging: Freeman
- Utilities (electrical, plumbing, compressed air): Freeman

How to Select an EAC?

There are many factors that go into selecting an EAC. When doing so, please consider the following:

- **Scope of work** be clear about the budget, needs, and expectations of your project with potential EACs. Ensure that they understand the time constraints and have the necessary staff to execute.
- **Experience** an EAC with an established history in the tradeshow industry can help ensure that they are up for the job.
- Reputation reputable EACs will be able to provide you with referrals from previous clients. Request
 references from past customers with similar projects and follow up with them about their experiences as
 needed.
- Check the <u>Exhibitor Appointed Contractor Association (EACA) directory</u> EACA is a nonprofit
 organization formed with a mission to raise the level of service to exhibitors on the show floor. There are
 reputable providers that are not members of EACA but be sure to vet them appropriately.
- **Compare pricing** collect multiple quotes and remember that the cheapest option is not always the best option. If the price seems too good to be true, it likely is.

• **Contract early** – do not wait until the last minute to contract an EAC. Give yourself enough time to collect multiple proposals and review them thoroughly to make the best decision for your exhibit.

HOW CAN I WORK WITH AN EAC?

An exhibitor planning to use an EAC must notify Coverings Show Management by completing the <u>Notification of Intent to Use an EAC</u> form no later than <u>February 16, 2026</u>. Completing the <u>Notification of Intent to Use an EAC</u> provides written acceptance that the EAC will abide by the <u>Event Guide & Policies</u>, <u>Booth Display Rules</u> and Regulations Governing EACs outlined below.
