MATZAH & MORTAR: PASSOVER MEET & GREET

Monday, April 22 | 5:30 - 6:30 PM | GWCC, Room C206

Join us for a Passover Nosh Fest for all who celebrate as well as those who just love a good matzoh nosh. The story of Passover is well aligned with the tile industry. The symbolic seder plate includes "charoset", which represents the brick and mortar used by enslaved Israelites to build pyramids in Egypt. What better way to celebrate the historic significance of mortar than at Coverings on Passover! This is an all-inclusive event promoting community and inclusion for our industry.
